About the CIMSER

Centre For Insect Molecular Studies and Environmental Research (CIMSER) was established in the year 2018, 19th December with the blessings of Rev. Dr. F. Andrew, S.J. and Dr. B. Vasantharaj David, chairman of Scientific/Academic board, International Institute of Biotechnology and Toxicology, unveiled the logo of CIMSER. Dr. M. G. Ragunathan, Assistant professor of Gurunanak College, Chennai and Dr. J. Mary Vimala Kalaiarasi, Head of the department, PG and Research department of Advanced Zoology and Biotechnology, Loyola College graced the occasion. Dr. M. Raja, Assistant Professor and the Director of CIMSER has successfully conducted many National and International level seminars and conferences. "LIFE SCIENCES AND VECTOR RISK MANAGEMENT FOR A SUSTAINABLE HEALTHY ENVIRONMENT" is yet another milestone achieved by CIMSER. Dr. M. Raja guided and supervised many students and research scholars, so far 6 scholars completed their Ph.D. degree under his guideship.

Themes

1. Life Sciences for a Sustainable Healthy Environment
2. Vector Biology, Ecology and Integrated Management
3. Emerging and Re-emerging Infectious Diseases
4. One Health: Human, Animal and Environmental Health
5. Climate Change, Biodiversity and Ecosystem Health
6. Biotechnology and Molecular Innovations in Healthcare
7. Microbiology, Immunology and Infectious Disease Research
8. Environmental Pollution, Toxicology and Risk Assessment
9. Genomics, Bioinformatics and Precision Medicine
10. Natural Products, Medicinal Plants and Drug Discovery
11. Nanotechnology and Advanced Therapeutics
12. Artificial Intelligence and Digital Technologies in Life Sciences
13. Food Safety, Nutrition and Public Health
14. Wildlife Conservation, Zoonoses and Environmental Sustainability
15. Sustainable Development Goals (SDGs) and Global Health

About the College

Loyola College (Autonomous), Chennai, established in 1925 by the Society of Jesus (Jesuits), is one of India's premier institutions of higher education. Affiliated with the University of Madras and granted autonomous status in 1978, the college is renowned for its academic excellence, research, innovation, and commitment to social responsibility. Spread across a lush 79.5-acre campus in the heart of Chennai, Loyola offers a vibrant learning environment with diverse undergraduate, postgraduate, and doctoral programmes. Guided by its motto, "Let Your Light Shine," the institution fosters holistic education, global perspectives, ethical leadership, and sustainable development, making it a distinguished destination for scholars and learners worldwide.

About the Department

The PG and Research Department of Advanced Zoology & Biotechnology, Loyola College (Autonomous), Chennai, is one of the premier life science departments in India with a rich legacy of academic excellence and research. Originating from the Department of Natural Sciences established in 1948, it evolved into a full-fledged Department of Zoology in 1957 and was recognized as a Research Centre by the University of Madras in 1965. The department currently offers B.Sc. in Advanced Zoology & Biotechnology, M.Sc. in Zoology, and Ph.D. programmes, fostering innovation in animal sciences, biotechnology, ecology, molecular biology, environmental monitoring, and biodiversity conservation. Equipped with modern laboratories, an internationally recognized zoology museum, and a strong culture of interdisciplinary research, the department is committed to advancing scientific knowledge while promoting sustainable development and global academic collaboration.

About the Indian Academy of Environmental Sciences

The Indian Academy of Environmental Sciences (IAES), Haridwar, established in 1986, is a premier scientific organization dedicated to advancing research, education, and public awareness in environmental sciences and allied disciplines. Headquartered in Haridwar, Uttarakhand, the Academy promotes interdisciplinary research through national and international conferences, seminars, workshops, and publications. IAES publishes the peer-reviewed Journal of Environment and Bio-Sciences (JEBS) and recognizes outstanding scientific contributions through fellowships and prestigious awards. With a strong commitment to environmental conservation, sustainable development, and scientific collaboration, the Academy serves as a distinguished platform for researchers, academicians, policymakers, and environmental professionals in India and abroad.

About the Absolute Human Care Foundation

Absolute Human Care Foundation (AHCF) is a non-profit organization established in 2017 and dedicated to improving the lives of underserved communities through initiatives in health, education, agriculture, and skill development. With a strong focus on public health and vector-borne disease prevention, AHCF promotes capacity building, research, and community awareness. Through its impactful programmes and collaborative efforts, the Foundation continues to contribute towards building a healthier, more sustainable, and empowered society.

Medals and Awards of Academy

The IAES, has introduced a number of medals, certificate and honorary fellowships for active researchers, academicians and environmental activist, specially related to myriad aspects of eco-biological aspects and have made a niche as an emerging, active and established scientist at different age groups, to encourage the young researchers on one hand and to give due recognition to our senior researchers in the related disciplines.

The awards are:
